PERSONAL PROJECTS

Black Jack game
- I have built a black Jack game using HTML5, CSS, Javascript. In this gane when card sum up to 21 then you win and your points increase. If the cards sum up to more than 21 than you loose and your points get deducted.

Netflix Clone using React. Js
- In this web app you can get the trending movies/series of Netflix and can even watch their trailers.

Chrome extension
- In this extension we can get the AQI of the city, dictionary is available, get some interesting facts and jokes
